Peerless Cooking Stove.

HEAR what the Boston Journal says of this superior article:

Among the peculiar merits claimed for this stove is the complete ventilation and even temperature of the oven, making it a roasting rather than a baking oven, which is secured by a peculiarly constructed air-chamber, which heats the air as it passes down behind the fire pot and into the oven, causing the oven to bake or roast perfectly and evenly, a great desideratum with a careful house-wife: the perfect control which can be kept over the fire, and its cleanliness. This stove works equally well with coal or wood. These stoves are of different sizes, and are made plain or with an extension top, the latter being made with a large reservoir for hot water on the top and a warming closet underneath. Those of our readers who would like to keep up with the times would do well to call and examine this "Peerless stove." Sole agent in Newport,

THE SWEETEST WORD

One sweet word of holy meaning,
Comfort to me o'er and o'er,
And Gre[illegible] of its music
Linger ever—ever more.
Trust—no other word we utter
[illegible] sweet and precious be,
Turning all life's jarring discords
Into heavenly harmony.

Clouds of thickest blackness gathered
O'er my soul's dark sea of sin,
And the port of heaven was guarded
From the guilty entering in;
Then came Jesus, walking to me,
O'er the surging waves of sin,
Calling, clear above the tempest,
"He that trusteth, heaven shall win!"

Now, through all the sacred pages,
Where my woe and doom had been,
Gleam those golden words of promise,
"He that trusteth, heaven shall win!"
Blessed, sure and blood-bought promise,
Let me drink its sweetness in;
He that trusts his soul in Jesus,
"He that trusteth, heaven shall win!"

Trust—O Saviour! give its fullness
To me at Thy feet in prayer;
Grant my dying lips to breathe it,
Leave its lingering sweetness there—
Sweetness there to stay the breaking
Of the hearts which love me so;
Whispering from the silent coffin,
"Trust the hand which lays me low!"

Loved ones, as ye rear the marble,
Pure above my waiting dust,
Give no other word upon it
But the holiest, sweetest—*trust*;
For this password know the angels,
Guarding o'er the pearly door—
Password to His Blessed Presence,
Whom I trust for evermore.

NEWPORT DAILY NEWS

THURSDAY January 23, 1868

MR. JENCKES'S SPEECH.

In the debate in the House of Representatives on the new reconstruction bill, the case of Rhode Island in the Dorr war was interfered by the opposition as an illustration of the authority of the President to use the regular army to put down disturbances in States by ordering officers at his own discretion and above congressional direction. Hon. Thomas A. Jenckes, on Thursday, last week, in a brief speech set forth the facts in the case as showing that President Tyler regarded himself powerless in the premises until a requisition was regularly made upon him for protection, by the State authorities. Also that he gave the countenance of the national government to that party in this State that had been recognized as the government from the adoption of the Constitution. When the Secretary of War was actually empowered to enforce the laws, it was on account of apprehended invasion from other States, and not against citizens of this State. The Secretary had nothing to do, as before his order could be of any avail, the disturbances were quieted.

An extract of one of Mr. Tyler's messages upon this subject is given, in which he wholly disclaims the right to interfere with the internal affairs of a State, or to withhold the aid of the general government in suppressing difficulties on account of any supposed defect in its Constitution. In application of these precedents Mr. Jenckes says: In that case we have the decision of the Supreme Court as well as of the Executive, that the authority and power to decide as to what is the constitutional government of a State is not in the executive or in the judicial department of the Government, but in Congress. The Supreme Court has so declared in so many words, "The right to make that decision is there, [in Congress,] and not in any court." The Executive says distinctly that it is not vested in him, therefore the only 'department' of this Government which has jurisdiction over this matter is the Congress of the United States.

Now, in the light of this precedent, what is the true ground for the action now proposed? We all agree with the opinion of the present President, in the spring of 1865, when he issued his proclamation for the reorganization of the State of North Carolina, that there was no civil government there; that all civil government there had been utterly destroyed by the rebellion. During the period immediately preceding the meeting of the last Congress he undertook to do what his predecessor, Mr. Tyler, under similar circumstances, said he had no power to do, to raise and construct State governments. It is true, he said all the time that the action of the people of those States, and of the executive department in that regard, would be subject to the approval and ratification of Congress when it assembled.

Now, when Congress did assemble the acts of the President and those under his authority were not satisfactory to that tribunal. It was a long time before the Thirty-Ninth Congress could obtain official information of what had been done. Congress met on the first Monday of December; and the message of the President, transmitting that information to Congress, was not received until the month of March following.

In the meantime evidence of hostility to the Government of the United States, which was unmistakable in its character, had been received from every quarter of the South. The Executive did not conceal his disappointment at the readiness with which his efforts at reconstruction had been received by the people. Congress undertook to settle the difficulty by proposing an amendment to the Constitution of the United States, establishing a due proportion between the representation and the voting constituency. Instead of the acceptance of that amendment either by these pretended State governments or by the Executive, it was opposed by the latter and rejected by the States most interested in it. Therefore the plan of the President had failed, and the first plan of Congress had not succeeded. The pretended governments of these States were fast drifting into open rebellion. There was no disguising the fact that there was no harmony between the so called Legislatures of Mississippi, South Carolina, &c., and the Government of the United States as represented in Congress.

* * *

The simple effect of this bill is that there shall be no power in any officer under the Constitution or Government of the United States to obstruct the execution of the laws of the United States. If Congress has the complete jurisdiction over this subject, as the Supreme Court and a former Executive have declared, then we must see to it that this jurisdiction is not impaired; that every officer, from the highest to the lowest, is powerless unless in accord with the law; and for this purpose it is a declared fact that the presidential office in all its functions, even in that of Commander-in-Chief of the Army, is as powerless and vacant as if the incumbent had been removed. He has no right to exercise his power in this respect against the power of Congress; and I will say to the gentleman from Connecticut [Mr. Hubbard] that the language which he quoted from the first section of this bill is not to be perverted nor explained away nor qualified, but means exactly this: that Congress being the ultimate and exclusive power under the Constitution to decide upon this matter, the Executive shall not set up an opposite opinion, nor shall any court, even that which is called supreme.—If the gentleman can point me to any authority, any decision, or any statute which gives the Supreme Court jurisdiction over subjects of this kind, or which gives the Executive jurisdiction without the consent of Congress, then the remarks of the gentleman may have some foundation. But when both these branches of the Government have by solemn act declared that it is not their duty to decide questions of this kind, but that it is the duty of Congress, then when Congress has undertaken to perform this duty it is also bound to call into existence its full power to enforce its jurisdiction.

GENERAL ASSEMBLY.

JANUARY SESSION—AT PROVIDENCE.

WEDNESDAY, Jan. 22.

Senate.

The Senate met at 11 o'clock, His Honor Lieutenant Governor WILLIAM GREENE in the chair.

The President presented the following paper from Chief Justice Bradley, resigning his position as Chief Justice and Reporter of Decisions of the Supreme Court:

NORTH PROVIDENCE, Jan. 20.

Ambrose E. Burnside, Governor:

SIR: Will Your Excellency please to communicate to the Honorable the General Assembly of the State, at their incoming session, this my resignation of the office of Chief Justice of the Supreme Court, and of the office of reporter of the decisions of that Court, to take effect on the first Monday of March next.

I may be permitted to add, that since, with much hesitation I accepted this judicial office, other duties, inconsistent with and paramount to it, have fallen upon me.

And they have now obliged me, though profoundly appreciating the functions of that office, to relinquish and return these trusts unimpaired, I hope, to those whose generous judgment conferred them.

I am, sir, your obedient servant,
C. S. BRADLEY.

Mr. Church said he hoped the communication would be suffered to lie upon the table for the present.

Mr. Currey coincided with the suggestion of the Senator from Bristol. He hoped it might be possible to avert its communication to the House, though it was very faint. He said the Chief Justice had presided with distinguished ability, and he asserted without fear of contradiction, with an ability not surpassed in any State.

The communication by general consent was laid on the table.

A resolution was passed directing that the Warden of the State Prison forthwith discharge Patrick McCormick and Mary McCabe from jail, they being confined several months for non-payment of fines and costs which they were utterly unable to pay.

House of Representatives.

The House met at 10 1-2 o'clock, Mr. Speaker Van Zandt in the chair.

Mr. Chace of Portsmouth, presented the petition of the Town Council of Portsmouth for bounty paid five men. Referred to committee on finance.

Mr. Sheffield of Newport, from the judiciary committee, reported favorably upon the petition of Bridget Kilroy for change of name, and the accompanying resolution, authorizing the change from Bridget Kilroy to Dora Kilroy, was passed

Also, resolution relative to slaughter houses, which at the last January Session was referred to the judiciary committee, with a recommendation that it be indefinitely postponed. It was by general consent laid on the table.

Mr. Aylesworth, of Providence, offered a resolution appointing Henry Rousmaniere a committee, to examine the files of papers in the office of the Secretary of State. Referred to committee on education.

Mr. Weeden, of Westerly, offered a resolution for the distribution of certain books belonging to the State. Referred to committee on education.

Mr. Sheffield from the judiciary committee, reported a bill in accordance with the petition of the city council of Newport requesting amendment of charter.

The amendment is as follows:

"An act in amendment of an act entitled 'an act incorporating the city of Newport' and of the several acts in amendment thereof."

It is enacted by the General Assembly as follows:

SECTION 1. At every ward meeting held in said city when both warden and clerk are present, no other quorum of the electors of said ward shall be required for the opening of the polls for the voting for any civil officers, except for warden and clerk.

The rule requiring a reading of the bill on two separate days was suspended, and the bill was put on its second reading and passed.

Mr. Gardner presented the report of the committee upon the transfer of books and papers in the clerk's office of the Court of Common Pleas for Providence county. Read and ordered to be communicated to the Senate.

Mr. Weeden, from the finance committee reported back the petition of Benjamin Northup for repayment of commutation money, and on recommendation of the committee, the petitioner had leave to withdraw.

Also the petition of Charles Sidney Smith for payment of military services, with a recommendation that the prayer of the petitioner be granted and the accompanying resolution passed.

Mr. Sheffield opposed the passage of the resolution, on the ground that the act under which this officer claimed, did not authorize pay until the officer had taken his obligation on his commission, and then he was in the service of the United States, to whom he should look for his pay.

Mr. Weeden said that many similar cases had arisen, which had been paid, and that as the services were rendered at a time when they were most needed, and for the purpose of recruiting, this claim should be paid.

Pending the discussion of the resolution, a message was announced from the Senate, communicating the Annual Return of the militia of the State of Rhode Island. Referred to committee on militia.

Also an invitation to attend an exhibition on Tuesday next of deaf and dumb pupils, from the asylum in Hartford. Concurred.

Also the report of the Pilot Commissioners, which was referred to the committee on judiciary.

Texas is becoming a very unhealthy country for thieves, as the sufferers and their friends are beginning to take the law into their own hands. A Houston paper says the great mass of thieves themselves have no conception of the certainty and rapidity with which this rude retribution is being visited upon men of their class. Thieves are despatched whom they do not know, or thieves whom they do know disappear, and the rest do not know what has become of them. And every thief is spotted and watched. No thief can ply his profession long in Texas, as things now stand, without loosing his life, either by rope or bullet.

On January 3, the eruption of Mount Vesuvius assumed alarming proportions. An immense current of lava overflowed the central cone, and skirted the hill on the west and northwest, approaching the valley of Cercola. Constant shocks and loud reports were recurring. Great panic prevailed in the villages on the slopes of Vesuvius. On January 5 the eruption increased. The torrent of lava followed the same direction as during the eruptions of 1858, 1859, 1860, and separated into two branches.

About Home.

YOUNG MEN'S CHRISTIAN ASSOCIATION.—A meeting was held on Monday evening of this week at the rooms of this Association, for the purpose of putting it in a way of increased activity and usefulness. A good number of the Christian young men of Newport were present, among them some who have not heretofore participated in the operations of the Association. The President, Dr. Wm. G. Turner, presided and opened the meeting by reading the scriptures, after which prayer was offered by the Rev. Mr. Whelon. A discussion was then had on the most feasible mode of operation to make the society efficient in the accomplishment of its design. This discussion was participated in by a number of gentlemen and elicited the opinion that the society should be established on a more liberal and enlarged basis; which view was expressed in a unanimous vote to revise the Constitution so as to admit to membership all Christian young men irrespective of denomination, and a committee from several churches was appointed to make such a revision. The meeting was then dissolved.

TEMPERANCE LECTURE.—Hon. Neal Dow, of Portland, Maine, will lecture on the subject of Temperance at the Second Baptist Church (Rev. Mr. Malcom's,) in this city on Friday evening, at half-past 7 o'clock. This is an opportunity, not often presented to the people of Newport, to see and hear one of the most remarkable men the age has produced. Mr. Dow was Mayor of Portland when the Maine Law was first enacted and was one of the principal agents in procuring its enactment. Few, if any, advocates of temperance have endured as much persecution as he, in the way of personal abuse, newspaper obloquy and even physical maltreatment. He is an eloquent and forcible speaker withal.

Gen. Dow served as a Brigadier and, we believe, a Major General during the war and was, for a long time a prisoner in one of the prison pens of the South. We hope the importance of the subject and the varied interest attaching to the speaker combined will secure a full audience. The Newport Glee Club have been engaged and will perform several pieces of music during the evening.

TEACHERS.—Persons attending the Teachers Institute at Providence can procure tickets to go and return by Rail Road for one dollar, the price of a single fare. The connection at Fall River is now complete and there is no danger of being left at that place as under the old arrangement. It will be seen by reference to the time table of the Fall River Warren and Providence Rail Road that all our regular trains connect at that point.

ARRESTED.—A boy was arrested yesterday for sliding down the side-walk in Mill Street, contrary to the city ordinance. After a slight detention he was discharged. The ordinance above referred to appears to be but little regarded. We should be sorry to see the sport of the boys interrupted, but lives are endangered by the promiscuous use of the streets for sliding.

QUARTERLY MEETING.—An advertisement in to-day's *News* announces the Quarterly meeting of the Rhode Island Temperance Union to be held in this city, to-morrow. This is a new organization of the temperance forces of the State, and the speakers announced warrant an interesting occasion.

PERSONAL.—We are informed that, George Engs, M. D., after a practice of several years in which he has been increasingly successful and popular, is about to leave in a few days for Europe to pursue still further the studies appropriate to his profession.

ACADEMY OF MUSIC.—We are informed that the celebrated MCKEAN BUCHANAN supported by a talented dramatic company, has leased the Academy of Music for a week commencing on the tenth of February.

FAT OXEN.—A pair of oxen, fatted in Little Compton, and weighing, when dressed, more than 2600 pounds, were for sale at a meat market in Fairhaven, this week.

FIRE IN EAST PROVIDENCE.—Tuesday morning about sunrise, a fire was discovered in a small grocery store, near India Bridge. The boy, whose duty it is to open the store, on opening the door found the place full of smoke. He obtained assistance from the neighbors who found the floor partially burned through, a barrel of flour and a barrel of molasses on fire, a basket of apples nicely roasted and a can of kerosene oil standing close by, so hot that it could not be touched with the hand, and in a fair way of soon producing a first-class explosion. The fire was extinguished by the neighbors without further damage to the property

AN IMPORTANT MEASURE.—The bill reported by Senator Patterson, of New Hampshire, from the retrenchment committee, is a very important measure, and if it becomes law will go far to reform and root out much of the corruption in the internal revenue service. It legislates out of office at the end of thirty days all special agents whether appointed by the President or any member of his cabinet, and provides that hereafter all appointments of this kind must be confirmed by the Senate, and that none whatever shall be made except such as are duly authorized by the statutes specifying the salary and the character of the duties.

THE STONINGTON LINE.—The inaugural trip of the new line of steamers between Stonington and New York was made Monday night by the steamer *Stonington*, Capt. Jones. The boat came through promptly on time, reaching her dock at one o'clock.

THE FAR WEST.—The *Frontier Index* says advices from Fort Phil Kearney state that the Sioux and Cheyenne Indians are becoming troublesome. The cavalry and scouts at that post recently had two fights with and killed several Indians, and recaptured over fifty government horses and mules.

[For the Daily News.]

The Present Congress.

What the honest loyal people of this country expect Congress to do:—Enact just laws on reconstruction; have them speedily executed; admit the Representatives of the late rebel States into Congress as soon as they are legally qualified; establish a sound financial system and enact all laws necessary for the good of the country, without fear of any party or any set of men that may come into power after them. A cowardly member of Congress is a poor tool; almost as bad as a cowardly General on the battle field. Any excuse he can make for staying at home, even sickness or death, will be preferable to his loyal constituents than the base desertion of the just and honest principles they elected him to maintain.

Finally, members of both Houses of Congress, be just and fear not and millions will sustain and applaud your doings. R. R.

STARVATION IN ALGERIA.—A letter from Paris dated January 5, says, "The poorer classes are now undergoing tremendous sufferings, not only in France, but in Algeria. In that Colony, according to the Archbishop of Algiers, the Arab population are dragging out an existence of misery—feeding, like animals, on the foliage of trees, wandering almost naked (writes Monseigneur) along the roads, awaiting, in the neighborhood of cities and villages, for the emptying of household refuse, to quarrel over the filthy remains. To these starving, nay, dying tribes, nothing that can be devoured is repulsive. So desperate too, is their condition (I translate the Archbishop's words, that "they actually dig up the carcasses of animals that have died of disease. A heap of ten and twelve bodies of dead Arabs lying by the roadside is no uncommon spectacle. When these poor men feel the approach of death—the slow and horrible death of famine—they do not complain; they stretch themselves near some roadside, cover themselves as well as they can with the wretched rags they may possess, and covering their faces, await their last hour, murmuring the name of 'Allah!' It is thus they died of cholera all last summer; it is thus they now die of hunger, literally mown down by this plague. Calculations which are not exaggerated bring the number of the victims within the last six months to above one hundred thousand."

The Emperor Napoleon has received the hat and sword which the Pope blessed at the last consistory, and which, according to custom, are presented to the sovereign who has rendered during the year the greatest service to the Holy See and the Catholic Church.

There are in California marriages between Yankees and Digger Indians, Irish and Chinese, Mexican and Malay, Portuguese and Sandwich Islanders, English Canadian and negro, French and Apache, to say nothing of the more common intermarriages to be seen in all parts of America.

The Engineer Department has nearly completed for publication a large map illustrating the campaign of General Sherman.

The Post Office Department ran about $1,000,000 behind during the last fiscal year; Massachusetts earned $587,295 over and above all expenses.

A French restaurant in New York is about to try the experiment of introducing horse flesh as one of the delicacies.

The New York Constitutional Convention has adopted a section providing that lotteries and the sale of lottery tickets be prohibited in the State.

The Bricklayer's Convention, held in New York last week, adjourned to meet in Washington some time during the winter of 1869. The Convention passed a vote promising support to any local organization that may strike to enforce the Eight Hour law.

The dread of another Fenian invasion still haunts the minds of military men in Canada. A few days ago the Colonel of the Tenth Royal Volunteers in Toronto made an address to his men, in which he said, among other things, that he was not an alarmist, but he wished it to be distinctly understood that from the information he had received, and from all indications, it was very probable that the "Royals" would be in the field before the Spring was over.

MEXICO.—An Havana special says: vague reports are circulating here that twenty thousand muskets have been secretly shipped to Yucatan. A certain class of schemers here pretend that orders have been issued to the troops to hold themselves in readiness for two hours notice.

Intelligence, which is supposed to come through a Mexican Imperialist and the French Consul, is to the effect that Capt. Cortes, late of the French army and police, is again enlisted in the cause of Santa Anna. The latter has scarcely $10,000 ready cash at his command and is vainly making efforts to borrow.

In the stage coach from Colima an American lady from California had been robbed of everything save her petticoats. Kidnapping was still on the increase. A Senor Alvarez was kidnapped near Morelia and had to pay a ransom of $28,000.

DESTITUTION IN MISSISSIPPI.—The Inspector General of the Freedmen's Bureau has been making a very extended tour in Mississippi, and under date of the 15th instant makes an extended report of his observations and conclusions. He says that Gen. Ord has in his judgment, greatly exaggerated the destitution in that State. He found places at which the people were short of provisions, but there is no such general want or suffering as has been represented. There is quite a disposition of the whites to complain and call out for help when they ought to go to work, and he believes that if they are aided a little and made to help themselves a good deal, there will be no serious difficulty.

AS A TONIC AND APPETIZER, nothing can equal the effect of Dr. H. Anders' Iodine Water. Unlike all stimulants its effect is permanent, building up the body, and giving strength and vitality to all parts of the system. In old and chronic cases it may be used with almost a certainty of success.

DR. WISTAR'S BALSAM OF WILD CHERRY.

Where this article is known it is a work of supererogation to say one word in its favor, so well is it established as an unfailing remedy for Coughs, Colds, Bronchitis, Croup, Whooping Cough, Asthma, diseases of the throat, Chest, and Lungs, as well as that most dreaded of all diseases, Consumption, which high medical authority has pronounced to be a curable disease. Those who have used this remedy know its value; those who have not, have but to make a single trial to be satisfied that of all others it is the remedy.

A REMARKABLE CASE.

From Mr. John B. Darling, Watchmaker, Patnam, Connecticut.

"I have used Dr Wistar's Balsam of Wild Cherry in my family for several years, and always with the most beneficial results. My wife being of delicate habits, has always been troubled with a hard, dry, hacking cough whenever taking cold, and could obtain no relief from the various remedies she employed until she used Wistar's Balsam, the effect of which was astonishing. A year ago a young man in this place was taken with bleeding at the lungs, with a severe cough, and was given over to die by our best physicians, it being evident to all that his disease was Consumption. Upon hearing of his case my wife sent him a bottle of the Balsam, which he took, and soon, to the astonishment of his friends, he was at his accustomed occupation. In other cases we have administered the Balsam to the Consumptive, and always with the best of success. These statements are simple facts, which can be vouched for at any time by calling on me at my store."

None genuine unless signed "I. BUTTS" on the wrapper. Prepared by SETH W. FOWLE & SON, 18 Tremont St., Boston, and for sale by Druggists generally.

CHRONIC DISEASES, SCROFULA, ULCERS, &c.

It is well known that the benefits derived from drinking of the Congress, Saratoga, and other celebrated Springs is principally owing to the Iodine they contain.

Dr. Anders' Iodine Water

contains Iodine in the same pure state that it is found in these spring waters, but over 500 per cent. more in quantity, containing as it does 1 1-4 grains to each fluid ounce, dissolved in pure water, without a solvent, a discovery long sought for in this country and Europe, and is the best remedy in the world for Scrofula, Cancers, Salt Rheum, Ulcers, and all Chronic Diseases. Circulars free.

Alpine Bitters.

THE ALPINE BITTERS, imported exclusively from Switzerland, is made from Roots and Herbs, harmless in themselves, but marvelous in their strengthening properties. Their recuperative qualities are unrivalled, and are especially efficacious in all cases of Female Debility, arising from any cause whatever; also for Dyspepsia, Indigestion, Headache, Nervousness, Loss of Appetite, and as a positive preventive of Chills and Fever.

The ALPINE BITTERS have a soothing and invigorating influence upon the system, especially upon the digestive organs, and is highly recommended to ladies and even children in delicate health, and to all who are averse to taking wine, poisonous whiskey and other stimulants.

The continually increasing demand for this unrivalled popular European Tonic and Anti-Dyspeptic Bitters, has induced the undersigned to make such arrangements abroad as will enable them constantly to fill all orders with which they may hereafter be favored.

Can be obtained by all Druggists and other dealers.

PROMINENT CHARACTERISTICS.

I.—They are Instructive.

"As purely literary works, these historical romances possess a high degree of merit. They read like genuine histories."—*Catholic World.*

"They are correct descriptions of the countries and the people described."—*Herald.*

II.—They are Entertaining.

"We regard these books as among the best and most entertaining novels of the day."—*Springfield Republican.*

"The reader is at once fascinated and held spell-bound until the volume is completed."—*Free Press.*

"There is no dull chapter in it."—*Utica Herald.*

III.—They are Mirrors of the Times.

"No one can peruse them without conceding the author's great skill in grasping and delineating the characters which figure conspicuously in them."

"The study which enables the author to delineate so accurately the emotions and incentives to action which moved men and women of a past age must be close and untiring, and Louisa Muhlbach shows in all of her works a perfection which carries the reader into the very presence of the characters represented."—*Syracuse Journal.*

IV.—They are Historically Correct.

"Historically correct, and as entertaining as many of the volumes of Sir Walter Scott."—*Prov. Herald.*

"Louisa Muhlbach must have carefully and diligently studied the secret histories of the times and countries of which she writes, and her task is done well and effectively."—*Worcester Spy.*

"No Historical Novelist has labored so faithfully and successfully to reproduce a complete picture of past times and events."—*Utica Herald.*

V.—They are Original.

"It has agreeably surprised readers to find a new writer with such constructive genius and knowledge of character as Louisa Muhlbach possesses."—*Public Ledger.*

"Each succeeding novel adds to Mrs. Mundt's reputation as a writer of historic fiction."—*N. Y. Times.*

VI.—They are full of Imagination.

"She is not only the skilful joiner, but a neat-handed artisan."—*Christian Witness.*

"There is seldom any straining after effect, but it is really wonderful how Madame Mundt manages to sustain and increase the interest to the end."—*City Item.*

"The word-painting of the authoress is much more effective than the best efforts of the engraver."—*Illinois State Register.*

VII.—They Contain Anecdotes of Courts.

"Scottish history offered no fresher and more romantic material to the magic working hand of Sir Walter Scott than she finds in the annals of the German courts."—*Evening Gazette.*

"They are not to be found anywhere in human annals, unused, such magnificent, such superabundant materials for romance, as are the chronicles of the Prussian and Austrian courts of the 18th century.—By their dress, their manners, their mode of thought, their language, they are almost as much separate from us as if they had lived one thousand years ago."—*Observer.*

VIII.—They tell about Emperors, Kings, and Queens.

"We learn from her not only how Frederick William and Frederick the Great, Joseph the Second, Voltaire, Rousseau, Baron Trenck, the Empress Catherine, walked and talked in their grand roles, but how they powdered their hair, flirted, and took tea."—*Register.*

"The choice of her subjects exhibits her genius.—She takes the time of Frederick the Great, Joseph the Second, for example, and upon the background of facts which the chronicles of the period afford, she embroiders the bright and sombre colors, the light and shade of her fiction, with the skill of a consummate artist."—*The Eagle.*

IX.—The Style is Interesting.

"The style of this writer for purity, perspicuity, and elegance, is something greatly to be commended. It is free from imitations, mannerisms, and tricks of every kind."—*The Argus.*

"The translations do justice to the vivid, piquant style of the original; and the story is full of movement and crowded with instructive and entertaining incident."—*The Chicago Post.*

"The interest of the book does not depend upon its characters nor its incidents, nor yet on its charming style, but in its general harmony of composition."—*Day Book.*

X.—Everybody is Reading them.

"Our people seem to have stopped reading French novels, and English works are complained of as dull. Miss Muhlbach precisely supplies the public want."

"The novels of Clara Mundt are being read by every one."—*Times.*

"Muhlbach's novels have a world-wide reputation, and are read with avidity, as fast as issued from the press."—*Springfield Republican.*

"They are winning a wide and deserved popularity in this country."—*State Journal.*

Important and Special Notice
TO THOSE
Afflicted with Defective Eyesight!

—o—

Messrs. LAZARUS & MORRIS,

OPTICIANS AND OCULISTS,

OF HARTFORD, CONN.

Respectfully announce to the inhabitants of this place and vicinity that a member of their firm will be at the Store of their Agent,

Mr. J. MARSHALL HALL,
Watchmaker, 116 Thames-St.
NEWPORT, R. I.

TWO DAYS ONLY—WEDNESDAY & THURSDAY, Feb. 5 & 6, 1868,

For the sale of their justly

Celebrated Perfected
SPECTACLES

Too much cannot be said as to their SUPERIORITY over the ordinary glasses worn. There is NO GLIMMERING, WAVERING OF THE SIGHT, DIZZINESS, or other unpleasant sensation, but on the contrary, from the peculiar construction of the Lenses, they are soothing and *pleasant*, causing a *feeling of relief* to the wearer, and

Producing a Clear and Distinct Vision,

As in the NATURAL HEALTHY SIGHT. They are the only Spectacles.

The ability of the members of this firm to adapt Spectacles to all sights, even when others have *failed*, is too well known to need comment.

They will have with them a large assortment of Gold, Silver, and Steel SPECTACLES; also, Gold, Silver, Steel and Shell EYE GLASSES, of the finest description and finish.

The GLASSES are ground under their own supervision at their manufactory at Hartford, and persons may rest assured that every care will be taken in the judicious selection of their Spectacles.

Those needing the aid of Spectacles or suffering from WEAK or DEFECTIVE VISION should not fail to call.

☞ Remember the date of visit. We wish it distinctly understood that

TELEGRAMS.

GEO. F. TRAIN.

New York, Jan. 22.

The following cable special in regard to Mr. Train is published:

London, Jan. 21—10.15 P. M.

The causes leading to Train's arrest are these: An Englishman named Gee, a fellow passenger of Mr. Train, informed the officers on the tug which boarded the Scotia at Queenstown, that Train had said he came to Ireland for the purpose of organizing the Fenians and commencing a fight. Mr. Train was arrested upon this information. Gee denied that he had given such information when he was in Court. Mr. Eastman, United States Consul at Queenstown, was exceedingly active in Mr. Train's behalf. Mr. Adams, United States Minister here, at once saw Lord Stanley, who, on his representation, ordered the release of Mr. Train.

Lord Stanley disavowed the act on the part of the Government, and stated that the local authorities were solely responsible for it. Mr. Adams' prompt action secured Mr. Train's speedy release

ST. THOMAS.

The St. Thomas treaty will be beaten, not only in the Senate, but in the committee on foreign relations. If a vote were taken in the Senate to day it would be beaten by a very large majority. Seward is hopeful, however, on the subject.

SEMINARY BURNT.

Norwich, Conn., Jan. 22.—The main building of the Music Vale Seminary, at Salem, in this (New London) county, took fire from the chimney on Tuesday evening, and was burned to the ground, together with the adjoining concert room. Most of the furniture was saved. Loss about $6,000; insured.

Washington Evening News

—o—

The Senate Territorial Committee have been considering the nomination of Isaac L. Gibbs for Governor of Idaho, but without reaching a conclusion.

All the members, except the Secretary of War, were present at the Cabinet meeting yesterday.

Gen. Ord has left Washington for California.

The reconstruction bill will be materially amended by the Senate.

The banking and currency committee have agreed to report a bill permitting State Legislatures to tax shareholders in National Banks, resident within their respective States, either at the place where the bank is located or their place of residence. This, of course, does not alter the taxation of the shares of non-resident stockholders at the place where the bank is located. The committee also agreed to report a bill, which will put in the form of a statute what was put only in the form of a resolution last winter, to wit, that no disbursing officer shall deposit the public money in any National Bank in any city where there is a Sub-Treasury of other public depository.

Sherman's funding bill will be again considered by the Senate Finance Committee to-day.

Gen. Dyer is preparing a reply to the charges preferred against him before the Ordnance Committee.

Alabama advices state that there is no doubt of the ratification of the new constitution.

Secretary Seward is preparing a lengthy paper on the Alabama claims, in which the whole subject will be reviewed, the doctrines of international law and the duties of belligerents laid down and defined. The document will then consider the respective positions of England and the United States at the outbreak of the late rebellion, and the next chapter will be devoted to a severe censure of the indecent haste in which the proclamation of neutrality was issued by the British Government.

The Committee on Foreign Affairs of the House, it is stated, will not take any official action in relation to the recent arrest of American citizens by the British authorities until something definite is known as to the immediate cause of such arrests. The official account of the whole affair to the Department of State will be awaited.

Accounts from leading Republicans in Alabama are very encouraging. The Constitution will be adopted and a full delegation elected to Congress.

A Washington dispatch says the new reconstruction bill will rest in the Senate till after the Alabama election. Such at least is the opinion of a number of Republican Senators. If Alabama gets into Congress the bill may not be taken up.

W. & P. BRYER,
No. 15 Broad Street,

MAKE the following proposition: They will put up at the market price one hundred pound papers of English Breakfast, Oolong and Hyson Teas, such as they are now retailing, for one dollar per pound, and deliver the same on the 15th of September at the residence of purchasers. In every tenth pound will be enclosed a one dollar greenback, so that the purchaser will get his tea for nothing. By this arrangement no one will pay above the retail price, so that there is no possible loss. As will be seen, the tea is sold on the average at a deduction of ten per cent., or at our

WHOLESALE PRICE,

which is simply what is promised to be done.

We are only enabled to do this by our connection with an extensive wholesale tea store in New York, from which we purchase at the lowest rates.

EVERY POUND WARRANTED.

If the tea when tried is not satisfactory it may be returned in exchange for any other kind or quality in the store. The whole thing is to be done on perfectly honorable principles, and is no catch-penny affair.

Orders may be handed in at once.

If the whole number of packages are not sold at the day of delivery the proportionate number will be disposed of according to the above terms.

There are not a cheap tea provided for the purpose, but a **regular standard article.** Other grades may hereafter be sold in the same way. Now is the time to send in your orders.

Watches for the Million !

ARRANDALE & CO.'S GREAT WATCH CLUB

Every one [illegible] a good watch, and wishes to get it at the lowest possible price. A horde of swindlers [illegible] have [illegible] and various ingenious devices to get people's money, and then either fail to send a watch, or send one that is worthless as a timekeeper. ARRANDALE & CO. have now perfected arrangements by which, for the small sum of $10, a good and reliable watch may be [illegible] obtained. They have formed a GREAT WATCH CLUB on the following plan: [illegible] including the numbers of all the watches [illegible] wholesale list (which is sent to all applicants) [illegible] sealed in envelopes, and sold for 25 cents each. Every certificate is [illegible] for a watch, and as will be seen on reference to the list, none are of less value than Ten Dollars, while some are worth $500. We undertake to send any watch drawn wherever may be [illegible] in order that everyone may [illegible] getting a first class time-keeper, we guarantee that every purchaser of ten Dollars' worth of certificates shall receive at least one [illegible] wholesale list, that good [illegible] a handsome [illegible] silver [illegible] case, and [illegible]. You will certainly get [illegible] get only get a Gold Chronometer worth $500. We sell the certificates as follows: One for 25 cts.; Five for $1; Eleven for $2; Twenty-five for $5 [illegible] we will send a handsome [illegible] not to tarnish in ten years. Parties [illegible] will receive liberal [illegible] of which may be learned [illegible]. We [illegible] in the most [illegible] honorable [illegible] to insure our customers from liability to loss, we will send our watches, if desired, without money, [illegible] the Express agent to collect only on delivery. If we are desired to forward watches by mail, the money must be sent to us by Bank Draft or Post Office Order, and it will then be [illegible]. We will then [illegible] the package at our post office, and it [illegible] will [illegible] free of charge.— If any watch [illegible] it may be returned and the money will be refunded. The reputation of our firm, which has been established for five years, and is well known in every part of the country, we trust will be deemed a sufficient guarantee that we will fully perform all [illegible].

Mercurial Affections; Eruptions and all Diseases of the Skin; Ulcers of the Nose, Throat and Body; Pimples on the Face; Swellings of the Joints; Nervousness; Constitutional and other Weaknesses in Youth, and the more advanced, at all ages, of

BOTH SEXES, SINGLE OR MARRIED,

DR. L. DIX'S
PRIVATE MEDICAL OFFICE,
No. 21 Endicott Street, Boston, Mass.,
is so arranged that patients never see or hear each other. Recollect the only entrance to his Office is **No. 21,** having no connection with his residence, consequently no family interruption, so that on no account can any person hesitate applying at his office.

DR. DIX

boldly asserts (and it cannot be contradicted, except by Quacks, who will say or do anything, even perjure themselves, to impose upon patients) that he

is the only regular graduate physician advertising in Boston.

SIXTEEN YEARS

engaged in treatment of Special diseases, a fact so well known to many Citizens, Publishers, Merchants, Hotel Proprietors, &c., that he is much recommended, and particularly to

Strangers and Travelers.

To avoid and escape imposition of Foreign and Native Quacks, more numerous in Boston than other large cities,

DR. L. DIX

proudly refers to Professors and respectable Physicians—many of whom consult him in critical cases, because of his acknowledged skill and reputation, attained through so long experience, practice and observation.

AFFLICTED AND UNFORTUNATE!

be not robbed and add to your sufferings in being deceived by the lying boasts, misrepresentations, false promises and pretensions of

FOREIGN AND NATIVE QUACKS,

who know little of the nature and character of Special Diseases, and less as to their cure. Some exhibit forged Diplomas of Institutions or Colleges which never existed in any part of the world; others exhibit Diplomas of the Dead, how obtained, unknown; not only assuming and advertising in names of those inserted in the diplomas, but to further their imposition assume names of other most celebrated Physicians long since dead. Neither be deceived by

QUACK NOSTRUM MAKERS,

through false certificates and references, and recommendations of their medicines by the dead, who cannot expose or contradict them; or who, besides, to further their imposition, copy from Medical books much that is written of the qualities and effects of different herbs and plants, and ascribe all the same to their Pills, Extracts, Specifics, &c., most of which, if not all, contain Mercury, because of the ancient belief of its "curing everything," but now known to "kill more than is cured," and those not killed, constitutionally injured for life.

IGNORANCE OF QUACK DOCTORS AND NOSTRUM MAKERS.

Through the ignorance of the Quack Doctor, knowing no other remedy, he relies upon Mercury, and gives it to all his patients in Pills, Drops, &c., so the Nostrum Maker, equally ignorant, adds to his so-called Extracts, Specific, Antidote, &c., both relying upon its effects in curing a few in a hundred, it is trumpeted in various ways throughout the land; but, alas! nothing is said of the balance; some of whom die, others grow worse, and are left to linger and suffer for months or years, until relieved or cured, if possible, by competent physicians.

BUT ALL QUACKS ARE NOT IGNORANT.

Notwithstanding the foregoing facts are known to some Quack Doctors and Nostrum Makers, yet, regardless of the life and health of others, there are those among them who will even perjure themselves, contradicting giving mercury to their patients or that it is contained in their Nostrums, so that the "usual fee" may be obtained for professedly curing, or "the dollar" or "fraction of it" may be obtained for the Nostrum. It is thus that many are deceived also, and uselessly spend large amounts for experiments with quackery.

DR. L. DIX'S

charges are very moderate. Communications sacredly confidential, and all may rely on him with the strictest secrecy and confidence, whatever may be the disease, condition or situation of any one, married or single.

TO THE LADIES.—The celebrated DR. L. DIX particularly invites all ladies who need a Medical or Surgical adviser, to call at his Rooms, No. 21 Endicott Street, Boston, Mass., which they will find arranged for their especial accommodation.

Dr. DIX having devoted over twenty years to this particular branch of the treatment of all diseases peculiar to females, it is now conceded by all (both in this country and in Europe) that he excels all other known practitioners in the safe, speedy and effectual treatment of all female complaints.

His medicines are prepared with the express purpose of removing all diseases, such as debility, weakness, unnatural suppressions, enlargements of the womb, also all discharges which flow from a morbid state of the blood. The Doctor is now fully prepared to treat in his peculiar style, both medically and surgically, all diseases of the female sex, and they are respectfully invited to call at

Testimonials.

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse.

CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.

EDMUND BURKE,
Late Commissioner of Patents.

"Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is now pending. Such unmistakeable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges.

Oxygenized Air,

A CURE FOR

CATARRH

AND DISEASES OF THE THROAT AND LUNGS,

Applied by

DR. C. L. BLOOD,

No. 9 Montgomery Place,

BOSTON, MASS.

CHRONIC CATARRH.

Why entertain this loathsome disease when relief can be obtained ? We meet those every day who are suffering from Catarrh to such an extent, that the Air Passages in the head are in a partly decomposed condition,—the nose and throat filled with such a mass of corrupt matter that they are objects of disgust to themselves, and of pity to those with whom they associate.

Chronic Catarrh usually affects the head, fauces and bronchial tubes. It is invariably caused by humoral or inflammatory blood, by which the mucous membrane is made sore or inflamed, producing a copious effusion of viscid matter. If it be produced by Scrofula in the blood it is almost certain to end in Consumption, unless speedily cured, because it is impossible to entirely prevent the matter from running down the Bronchial into the air vesicles, and such is the excoriating, or scalding property of the matter, its contact with the delicate linings of the air-cells at once causes irritation, and invites the humoral properties of the blood to deposit therein Tubercles and Ulcers.

Catarrh almost always attends Consumption, and frequently leads to it.

In Oxygenized Air we have a positive cure for this disease. The remedy is taken by inhalation,—breathed directly into the lungs, and through them carried into the blood; thus as soon as the blood will carry it, it reaches all parts of the system, decomposing the impure matter in the blood and expelling it through the pores, and through the natural channels from the system. Thus you will see that the cause of the disease is removed, and the disease itself must follow.

In this same manner we treat and radically cure Bronchitis and Consumption. Let no one suffering from those diseases despair of relief. If you are too far away to visit our office and see us personally, write a description of your symptoms, and forward to the address below.

Send for our circular, which gives a full description of these diseases.

Out of the many thousands of testimonials received we publish the following:

DR. C. L. BLOOD,—

DEAR SIR:—I desire to give you my testimony in regard to the value of your scientific system of treating Catarrh and diseases of the Respiratory organs. I have used your remedy, "Oxygenized Air," in my practice for the last year with complete success. I have cured the worst forms of Catarrh, and a majority of the cases of Bronchitis and Consumption in their advanced stages. I unqualifiedly pronounce "Oxygenized Air" the greatest boon ever yet conferred on our suffering race, and hope the day is not far distant when every intelligent physician will adopt your system in the treatment of all forms of chronic disease.

Fraternally yours,
L. M. LEE, M. D.
No. 199 Westminster Street, Providence.

DR. C. L. BLOOD,—

MY DEAR SIR:—I have tested your remedy, "Oxygenized Air," in advanced stages of Catarrh, Bronchitis and Consumption, and the results have been, in the highest sense, satisfactory; so positive am I of its wonderful power to arrest the progress of the above named diseases, that I can conscientiously advise all who may be suffering from them to place themselves under the treatment at once.

Respectfully yours,

REV. R. TOMLINSON,

A Library of Universal Information,

THE NEW

American Cyclopædia :

A POPULAR DICTIONARY OF GENERAL KNOWLEDGE.

EDITED BY

GEORGE RIPLEY AND CHARLES A. DANA

AIDED BY A NUMEROUS SELECT CORPS OF WRITERS, IN ALL BRANCHES OF SCIENCE, ART, AND LITERATURE.

In 16 large volumes, 8vo.

750 double-column pages in each volume.

The leading claims to public consideration which the New American Cyclopædia possesses may be thus briefly stated:

"1. It surpasses all other works in the fulness and ability of the articles relating to the United States.

"2. No other work contains so many reliable biographies of the leading men of this and other nations. In this respect it is far superior even to the more bulky Encyclopædia Britannica.

"3. The best minds in this country have been employed in enriching its pages with the latest data, and the most recent discoveries in every branch of manufactures, mechanics, and general science.

"4. It is a library in itself, where every topic is treated, and where information can be gleaned which will enable a student, if he be so disposed, to consult other authorities, thus affording him an invaluable key to knowledge.

"5. It is neatly printed, with readable type, on good paper, and contains a most copious index.

"6. It is the only work which gives any thing approaching correct descriptions of cities and towns of America, or embraces reliable statistics showing the wonderful growth of all sections."

Every one that reads, every one that mingles in society, is constantly meeting with allusions to subjects on which he needs and desires further information.— In conversation, in trade, in professional life, on the farm, in the family, practical questions are continually arising, which no man, well read or not, can always satisfactorily answer. If facilities for reference are at hand, they are consulted, and not only is the curiosity gratified, and the stock of knowledge increased, but perhaps information is gained and ideas are suggested that will directly contribute to the business success of the party concerned.

A Cyclopædia is pre-eminently the work for our country and generation. This is the age of steam. No one has time to grope among a hundred different works for every little fact required, without the certainty of finding it at last. With a Cyclopædia, embracing every conceivable subject, and having its topics alphabetically arranged, not a moment is lost. The matter in question is found at once, digested, condensed, stripped of all that is irrelevant and unnecessary, and verified by a comparison of the best authorities. Moreover, while only men of fortune can collect a library complete in all the departments of knowledge, a Cyclopædia, worth in itself for purposes of reference at least a thousand volumes, is within the reach of all,—the clerk, the merchant, the professional man the farmer, the mechanic. In a country like ours, where the humblest may be called to responsible positions requiring intelligence and general information, the value of such a work cannot be overestimated.

Registering all the Important Events of Each Year—Valuable as a Work of Reference.

"It is an enterprise of immense value to the public, and ought to be in every library, public and private, as an invaluable book of reference."

Atlas and Argus, Albany, N. Y.

"We can confidently and conscientiously recommend the Annual Cyclopædia to all who would have an accurate and readable history of contemporary events close at hand and as a safe work of reference."

Evening Traveller.

"It is indeed a most excellent work. It is thorough and reliable, and just such a work as is greatly needed, a faithful chronicle of important events, too numerous to be remembered, and of too much account to be lost."—*Cleveland Daily Plain Dealer.*

540 MILES

OF THE

Union Pacific Railroad,

Running West from Omaha

ACROSS THE CONTINENT

ARE NOW COMPLETED,

THE TRACK BEING LAID AND TRAINS RUNNING

Within Ten Miles of the Summit

OF THE ROCKY MOUNTAINS.

The remaining ten miles will be finished as soon as the weather permits the roadbed to be sufficiently packed to receive the rails. The work continues to be pushed forward in the rock cuttings on the western slope with unabated energy, and a much larger force will be employed during the current year than ever before. The prospect that the whole

Grand Line to the Pacific

WILL BE COMPLETED IN 1870,

was never better. The means so far provided for construction have proved ample, and there is no lack of funds for the most vigorous prosecution of the enterprise. These means are divided into four classes:

1.—UNITED STATES BONDS,

Having thirty years to run, and bearing six per cent. currency interest, at the rate of $16,000 per mile for 517 miles on the Plains; then at the rate of $48,000 per mile for 150 miles through the Rocky Mountains; then at the rate of $32,000 per mile for the remaining distance, for which the United States takes a second lien as security. The interest on these Bonds is paid by the United States Government, which also pays the Company one-half the amount of its bills in money for transporting its freight, troops, mails, &c. The remaining half of these bills is placed to the Company's credit, and forms a sinking fund which may finally discharge the whole amount of this lien.

2.—FIRST MORTGAGE BONDS.

By its charter the Company is permitted to issue its own First Mortgage Bonds to the same amount as the bonds issued by the Government, and *no more, and only as the road progresses.* The Trustees for the Bondholders, are the Hon. E. D. Morgan, U. S. Senator from New York, and the Hon. Oakes Ames, Member of the U. S. House of Representatives, who are responsible for the delivery of these Bonds to the Company in accordance with the terms of the law.

3.—THE LAND GRANT.

The Union Pacific Railroad Company has a land grant or absolute donation from the Government of 12,800 acres to the mile on the line of the road, which will not be worth less than $1.50 per acre, at the lowest valuation.

4.—THE CAPITAL STOCK.

The authorized capital of the Union Pacific Railroad Company is $100,000,000, of which $5,000,000 have been paid on the work already done.

The Means sufficient to Build the Road.

Contracts for the entire work of building 914 miles of first-class railroad west from Omaha, comprising much of the most difficult mountain work, and embracing every expense except surveying, have been made with responsible parties (who have already finished over 540 miles), at the average rate of sixty-eight thousand and fifty-eight dollars ($68,058) per mile. This price includes all necessary shops for construction and repairs of cars, depots, stations, and all other incidental buildings, and also locomotives, passenger, baggage, and freight cars, and other requisite rolling stock, to an amount that shall not be less than $5,000 per mile. Allowing the cost of the remaining one hundred and eighty-six of the eleven hundred miles assumed to be built by the Union Pacific Company to be $90,000 per mile,

The Total Cost of Eleven Hundred Miles will be as follows:

914 miles, at $68,058	$62,205,012
186 miles, at $90,000	16,740,000
Add discounts on bonds, surveys, &c.	4,500,000
Amount	$83,445,012

As the U. S. Bonds are equal to money, and the Company's own First Mortgage Bonds have a ready market, we have as the

Available Cash Resources for Building Eleven Hundred Miles:

U. S. Bonds	$29,328,000
First Mortgage Bonds	29,328,000
Capital Stock paid in on the work now done	5,000,000

The Company have ample facilities for supplying any deficiency that may arise in means for construction. This may be done wholly or in part by additional subscriptions to capital stock.

EARNINGS OF THE COMPANY.

At present the profits of the Company are derived only from its local traffic, but this is already much more than sufficient to pay the interest on all of the bonds the Company can issue, if not another mile were built. It is not doubted that when the road is completed the through traffic of the only line connecting the Atlantic and Pacific States will be large beyond precedent, and, as there will be no competition, it can always be done at profitable rates.

It will be noticed that the Union Pacific Railroad is, in fact, a Government Work, built under the supervision of Government Officers, and to a large extent with Government money, and that its bonds are issued under Government direction. It is believed that no similar security is so carefully guarded, and certainly no other is based upon a larger or more valuable property. As the Company's

FIRST MORTGAGE BONDS

are offered for the present at

90 CENTS ON THE DOLLAR,

they are the cheapest security in the market, being more than 15 per cent. lower than U. S. Stocks.— They pay

Six per Cent. in Gold,

or over

Nine Per Cent.

upon the investment.

Subscriptions will be received in Newport by NATIONAL EXCHANGE BANK, and in New York at the Company's Office, No. 20 Nassau street, and by

CONTINENTAL NATIONAL BANK, No. 7 Nassau street. CLARK, DODGE & CO., Bankers, No. 51 Wall street. JOHN J. CISCO & SON, Bankers, No. 33 Wall street.

and by the Company's advertised Agents throughout the United States. Remittances should be made in drafts or other funds par in New York, and the bonds will be sent free of charge by return express. Parties subscribing through local agents, will look to them for their safe delivery.

A NEW PAMPHLET AND MAP,

showing the Progress of the Work, Resources for Construction, and Value of Bonds, may be obtained at the Company's Offices or of its advertised Agents, or will be sent free on application.
